WELCOME

Welcome to the 2024 Pennsylvania Legal Awards

Although the past year has been one of uncertainty, the Pennsylvania legal community has continued to thrive. Four years post-pandemic, the courts are back, hybrid work models are crystalizing and law firms are seeing sustained and steady growth.

When it comes to business over the past year, merger mania has descended on the legal market, with big firms getting bigger and midsize firms always on the lookout for smart growth opportunities. Succession planning has continued to be both a source of opportunity and hardship at a time when many longtime stalwarts are aging out of practice. Questions about the stability of the broader market and what AI will bring to both the business and the practice of law remain front and center. But inside the courthouses, we've seen litigation come roaring back post-pandemic, with high-dollar verdicts on the rise and the number of suits soaring, challenging the defense bar to develop new strategies and tactics.

Each year we face the tough task of determining who should be recognized for their work, and every year we rely on you, the readers, for your submissions, ideas and participation to help us ensure we honor the very best our community has to offer. This year was no exception. We thank you for your engagement. With your help, we celebrate tonight the excellence our legal community has strived for and achieved despite these hurdles and uncertainties. Our honorees come from all stages of their legal careers, and their work touches on all aspects of the legal world, from law firm management in the boardroom and the long hours developing billion-dollar deals, to the behind-the-scenes policy advocates and the litigators battling in the courtrooms. Although the work, the firms and the advocacy may differ, all our honorees have in common their commitment to excellence and their dedication to the clients.

Please join us in congratulating our 2024 honorees!

TO ADVANCE

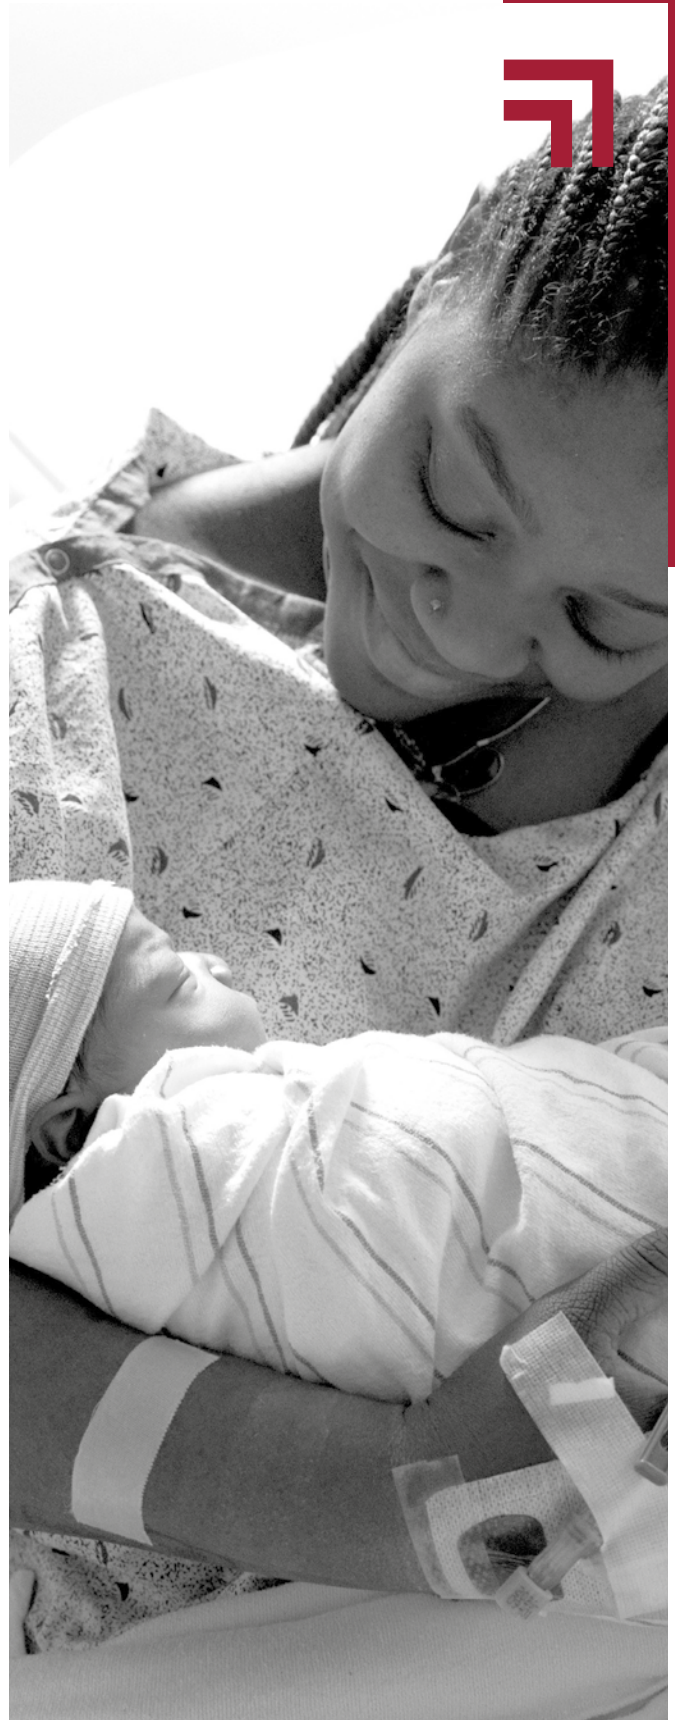

MATERNAL HEALTH EQUITY

**It Takes Leaders Committed to
Improving Outcomes.**

From patient-first clinical programs to research-backed approaches to improve outcomes for women and babies, Temple Health is pioneering a new model for equitable maternal care.

We're opening the region's only hospital dedicated to women and families. At Temple, enhanced access is made possible through deep community connections. Better outcomes are achieved through the highest quality-focused initiatives and innovative protocols, beginning before pregnancy and continuing after delivery.

We are reinventing maternal health care in Philadelphia and creating new models for better outcomes across the nation.
